Tibetan Light-Essences

Nr.	Name / Light-Entity	Colour / Crystal	Effect of SHAMBHALA- or Tibetan Light-Essences – Short Description
1	THE BRIDGE LOGOS of the Central Sun Sanat Kumara Kuthumi Master SHUNG (spiritual, tibetan physician) female Guardian of Earth <i>Tibetan medicine S 4</i>	Colours: yellow-gold pastel-green palepink yellow + white (very delicate and fine)	Strong tickling, energizing, electromagnetic essence from the Central-Sun. Very strong, activating effect on the electromagnetic body, the magnetic cycles and magnetic chakras, to attract intensified universal life-power. Works energizing on the central-nervous-system (CNS), where it restores as in the brain – and connects disrupted energy-connections. Strengthens us, not to fall into deep depressions or death-desire. Strengthen the earth-anchorage, to be in the Here and Now and to fulfil your purpose. Supports the grid of our crystalline body-system with the crystalline energy-structures of Earth, to activate old knowledge. Strengthens the flow of life. Activating of the Alta Major-Centre at the back of the head, supports the opening, clarifying and strengthening of the energy-channel and the earth-connecting. Des-integration of crystalline incrustations in the meridians, energy-centres, energy-lanes, in the joints, as well as disintegration of crystalline implantations. Helps to divert poisons out of energy-lanes and to remove electro-smog. Breaks up limitations, brings balancing and calmness and composure.
2	SHANGRILA – The New Earth Festival of the Sun	Merging of Sun and Moon God and Goddess	Through newly anchoring of the light, strengthening of your own creativity (creative power). Unconsciousness reaches into consciousness. Strengthens in yourself the quality of love, creativity, community, peace, joy, harmony, astonishment, devotion. Transformation, new-beginning, ascension of the masses of people to a higher consciousness.
3	REBIRTH into INFINITY 144 Eldest 144.000 Eldest <i>Heart-Essence (Christ-Energy)</i>	Golden Light-Stream	Effective by all in-balances of the heart, on all levels (physical, psychical, emotional and mental). Gives peace, joy and love, strengthens self-acceptance. Activating of the Christ-Energy in yourself, supports the acceptance of your own power, strength and force, opens the heart, anchors and strengthen the divine love in yourself.
4	MOTHER EARTH <i>Essence from the heart of Mother Earth</i>	Colour: dark-brown brick-red with gold-threads interwoven Crystal: Fluorite	Disengages fear and insecurity for the earth-power and strengthens the earth-connection, gives stability, firmness and energy. Strengthens prime-confidence, anchorage, gives solid ground under your feet. Presents new strength of being, protection, comfort and care on the earthly plane, strengthens the feeling of unity, balance, poise unisonance, mental-balance on all levels of being to fulfil the earthly goals. Makes tender, gentle, strengthens life-power, life-courage, life-joy and the love to be on the earthly plane. Helps by the anchorage of the light-body. Strengthens the contact to Mother Earth and their earth-entities, connects with the heart of the earth.

Tibetan Light-Essences

Nr.	Name / Light-Entity	Colour / Crystal	Effect of SHAMBHALA- or Tibetan Light-Essences – Short Description
5	NEW BEGINNING (Scolecite) <i>a ray directly from the Heart of the ONE</i>	Colour: milky-white-crystalline Crystal: Scolecite (likeness with Selenite) <i>Crystal- and Energy-sound-essence of the silikonquarz crystal-bowl</i>	Purifies the higher chakras and energy-lanes of the light-body. Supports the development of the light-body, of the crystalline energy-structures, the new order and higher frequency of the cells. Production of the original pulsation-frequency, connection and integration to the complete pattern of the harmony of the universe. Restructuring of the energy-lanes as well as the energy-fields of the organs through electromagnetic-vibration-power. Strengthens the feeling of the all embracing comfort, to rest in your own centre, anchorage of the self. Advances the psychic development, the next level of expression. Works like a ray directly out of the heart of the ONE. Helps to grow out of darkness into the light. Supports new-beginning, you are feeling like a Star-girl, that catches the crystalline star-energy –it is like the harvest of all your spiritual efforts
6	NEW-BIRTH to LIGHT Master Lukas SHUNG Adamis Metatron Sungod RE Hathor <i>Divine original power -one spark of love out of the heart of GOD</i>	Colour: fluid-gold (divine alchemy) Crystal: Haematite (blood-stone)	Explosion of the light and the divine power, which shapes everything and unites everything in itself, in which everything develops new. New shaping of the physical body for adaption to the vibrations of the light-body, connection, union and integration of the light-body with the physical body. To extinguish old, painful remembrances, programming and pattern. New-programming into the divine programming – joy of life, joy to be here, to the earthly existence. Male/female will be newly unified. Manifestation into an androgyn entity. Through new information of the cells develops new-birth of the physical and all fine-material-bodies. Abolishment of the feeling to be separate from the source to the physical plane. Transformation and healing of old un-dissolved injury or trauma (also from earlier lives, f. e. through sudden death or shock, which wasn't worked on) causes freedom for body, soul, spirit. Produces new energy-fields for all organs, strengthen the heart (heart-essence) to feel more strongly the intermediate human love, and the love of all universal light-entities. Meridians, energy-lanes und magnetic-lanes will be nearly connected, grounding of the light-body into the physical through haematite-energy. Connection of the right and left brain-halves. Manifestation of the divine human-being, of Adam Kadmon.
7	THE MOON-GODDESS Newahjac (Master and teacher of the laws of nature on Earth) Archangel Sandalphon Mother Earth <i>Heart-essence of the Moon-Goddess</i>	Colours: golden light twin beam dark blue, dark red, silver-light, grey-blue, pink-red sparkling very small shining metallic coloured iridescent, opalescent shining colour-particles Crystal: Rubellit (pink or red Tourmaline)	Against tension, hardness and strain on all levels of being, loosens strains, muscle-strains, strains in the back, gastric ulcer, cramps. Softens the energy-lanes, making them elastic, flexible, gentle, tender and soft, brings lightness, makes free, cheerful and joyful. Over-exceeding, enduring and bearing, self-destroying tendencies, hardness against oneself and others will be dissolved. Acts cooling and soothing by heat on all levels, rage, indignation, hardness, strictness. Breaks up patterns of unkindness and abuse (psychical, physical, spiritual) against oneself and others. Regulates over-exceeding expression of emotions, lets you keep a cool head and cool blood, brings calmness. Heals injuries of the feminine and motherly principle. Brings balance between giving and taking, masculine and feminine. Makes gentle tender, soft, get solid in strength and power. Brings gentleness and quiet love in the heart, for oneself and others. Encourages you, to dance the dance of joy, happiness, of life and light. Supports you at journeys to other dimensions.

Tibetan Light-Essences

Nr.	Name / Light-Entity	Colour / Crystal	Effect of SHAMBHALA- or Tibetan Light-Essences – Short Description
18	ORIGINAL LIGHT Pythagoras The Guardian of the Crystals <i>The Original Light of the Source</i>	Colour: Like a white glowing radiating sun Crystal: 12 big individual clear quartz-crystals	Renews, transforms, vibrates higher, what you are prepared to change. Integration and becoming ONE of the personality with the light-power of the soul, to fulfil the purpose of the soul. Earthly physical life will be richer, more joyful, lovingly and beautiful, activation of all chakras, energy-lanes, nerve-lanes, lymph-lanes, organs, meridians, blood-lanes, of the whole body-systems. Regeneration to original blue-print of the physical body, into the cells. Decoding of those codes, which shall happen. Regeneration to original blue-print of the physical body, into the cells, decoding of those codes, which shall happen. Regenerates and creates new energy-frequency-fields around physical organs and around the fine-material organs of the light-body. Rearranges the original matrix for renewing the cells and activating the 12-helix DNA. Sharpens intuition, strengthens healing-abilities in yourself, brings life into the divine flow. Strengthens the natural communication with the light-entities of the universe and of Earth. Everything interflows and is simultaneously – in the eternal Now. Strengthens the perception of all realities and levels parallel and simultaneous (multidimensionality). Activation of a 12-pronged, double-sided pyramid, a space-capsule out of crystalline light for inter-dimensional journeys. Strengthens the perception and gives protection of the highest order and of the hosts of the Archangel Michael. Connection to the master-crystal into the centre of Earth and an etheric crystal in the source of the Light. Through the 12 colour-rays of the rainbow, the light-body transports easier and faster more light. Creates connections, adaptation and resonance between the light-crossing-points of the earth-grid and those of the human light-body. Increasing of the frequency and adaption to the cosmic and the earth-energies. Restores balance and stabilisation of the light-body and of the physical structures. Activating of a 12-pronged crystal-texture in every cell, in all joints of the physical body, also in all main-chakras and side-chakras, the energy-entering- and –exit-points of the body, to form the physical and fine-material body more crystalline. MERKABAH-activating for the ascension of the light-body-process.
